

Soul Story PHOTOGRAPHY

crafting stories of souls from behind my lens.

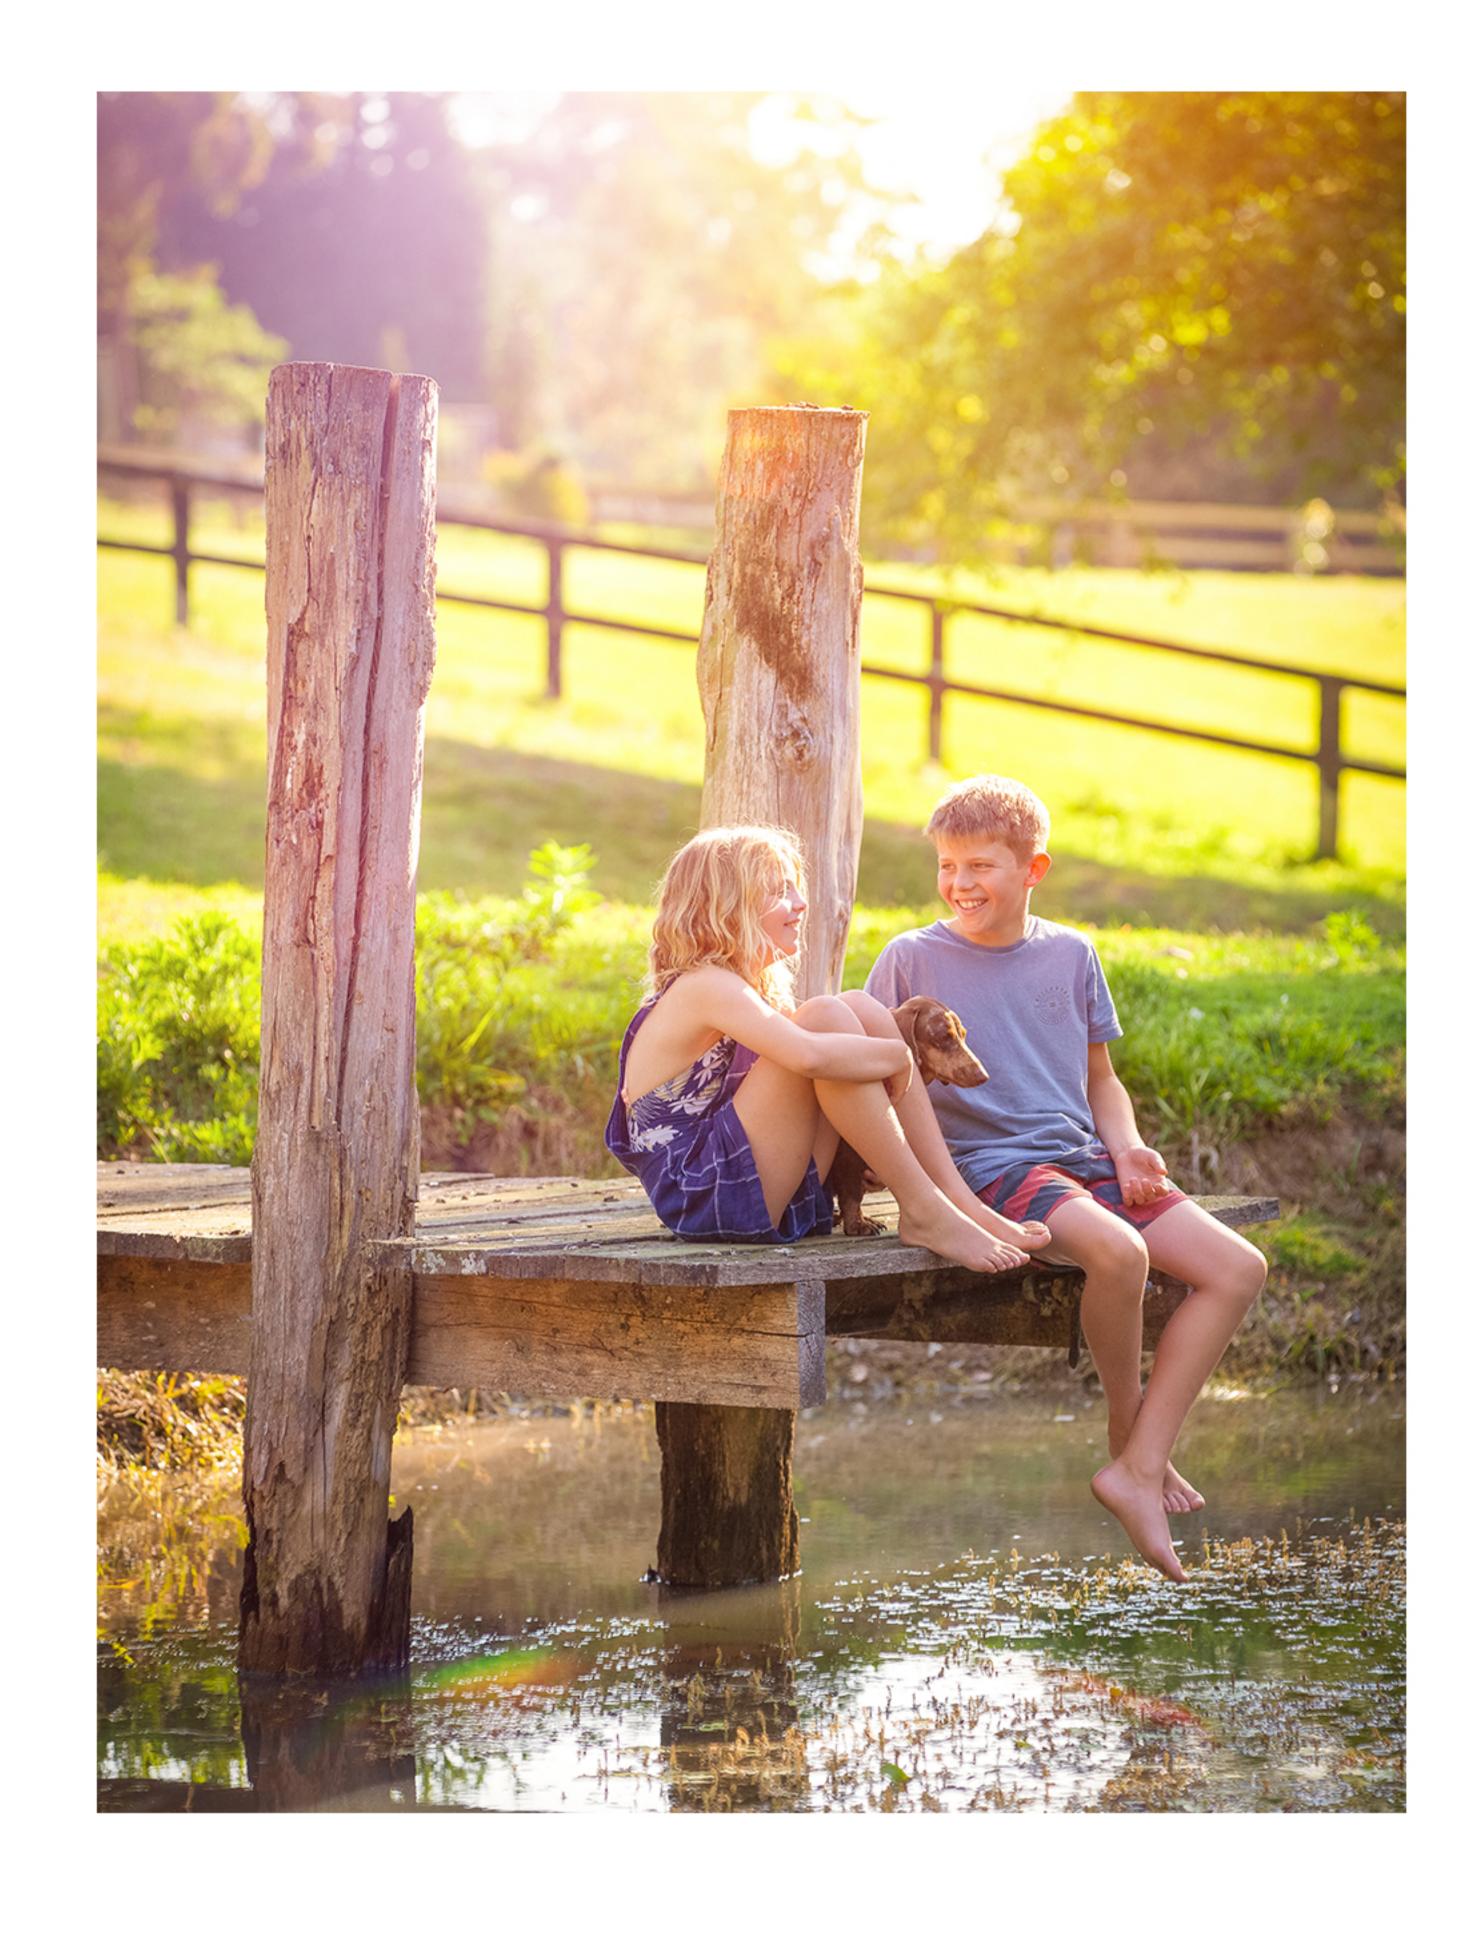

Hello and welcome! My name is Renee Delicata. Photographer, wife, adventurer & storyteller.

I'm a firm believer that the outdoors is good for the soul. You may find me frequenting visiting our local beachs for a sunrise shoot or at the paddock spending time with my horses.

I'm a sucker for natural light, and creating real, authentic moments rather than lots of posed, forced photos. I love telling stories through my work. My approach combines documentary and fine art into a beautiful, organic hybrid that is honest and raw. - I go for the real thing. I love to shoot kids in there elements, playing in the sand, kicking up the leaves, or laughing at there siblings.

The favorite part of my job is that I get to work with families to capture their honest, authentic, messy, beautiful love for one another! Yes, we'll set some shots up and tweak things to make you look amazing, but my number one goal is that you walk away with real and genuine photos that truly capture this season in your family life. The beautiful part of my job is that families are constantly growing and changing, and I get to capture those incredible moments in time for you to hold on to - Because they go by so fast!

During the session we'll do a little bit of everything - Unlike stuffy studio portraits where you're pulling your hair out trying to get your kids to sit still or smile on cue, my portraits are organic and natural - We'll get you interacting and having a blast! In my opinion, that's the best way to have a photoshoot!

YOURSESSION

LOCATION

Our area offers some of the best scenary around. If you're looking for amazing spots nearby, let me knw and I'll be happy to give you some ideas! Think of places that speak to your personalities best, and are accessible for everyone involved.

TIMING

Evening light is the golden hour when photos of people are at their best. I try to schedule all sessions either early in the morning or an hour before sunset (taking into account your kids nap & meal times)

WHAT TO BRING

Water, snacks, whatever you need to keep everyone happy! For the girls, make up for touch ups. Four legged friends are more than welcome (if they play nice and our location allows pets!)

PREPARATION

To avoid last minute stress, make sure to pick out all family outfits & props well in advance. If your outfits are new make sure your kids have a chance to wear them a couple times before the day so that they'll be comfortable during the shoot.

ITS ALL IN THE DETAILS

Your clothing selection & choice of location will make the biggest difference in the final feel and look of your photos! Feel free to message me with photos of your ideas / questions about what will look best for photos.

5 WARDROBETIPS

- Don't match, coordinate. Pick a color combination for your family to work within. We don't want everyone to match perfectly or wear nothing but a single color, but we also don't want everyone wearing different colors and patterns.
- Don't be too seasonal. While the idea of outfits for the season may be appealing, our aim is to produce photos that you can display in your home year round! Unless you live on the north pole, Christmas only really works once a year.
- Avoid patterns, go for earthtones, textures, and solid colors.

 These are the most classic & timeless and will guarantee your outfits are still in style years from now Rather than a trend!

 Its also best to aim for layers in your clothing to provide visual interest and movement (especially for the girls! Dresses or a flowy shawl etc.)
- Fitted = best. While flowy articles of clothing for the girls is fantastic, in general with pants + shirts for the boys, aim for fitted clothing that is on the tighter end of what you would normally wear. Avoid baggy jeans or loose fitting shirts etc.
- We want your session to be enjoyable and fun for everyone involved. If your kid's clothing is uncomfortable for them to wear, it won't be snearly as fun. If you're planning outfits outside of what they are used to, I'd suggest "breaking them in" a few days in advance to get them used to the feeling of wearing those clothes.

FAQ

WHAT IS YOUR SHOOTING STYLE FOR FAMILY PHOTOS?

I am a lifestyle photographer, and my style is geared towards capturing real moments! This means getting you interacting rather than posing, and having a fun time together - because that's where the magic happens!

WHAT IF MY KIDS WON'T ENGAGE?

That's okay! Many children are shy or have a hard time with posing for photos - Which is why we forget the posing and just get you all hanging out and loving on each other! You just enjoy the moment and I'll worry about the photos.

CAN I CANCEL / RESCHEDULE MY SESSION?

After booking deposits are non refundable, as I am holding the date for you and turning away other clients. If you need to reschedule, a \$100 rescheduling fee will apply.

ARE SESSIONS INDOORS OR OUTDOORS?

All session locations are chosen by collaboration with you, to bring your unique vision to life. Indoors or outdoors - we'll make it happen!

WHEN SHOULD I BOOK?

Booking well in advance is recommended! My current wait times for session openings are around 6 weeks, but cancellations do happen once in a while! and complete the online booking process.

FAQ

HOW LONG IS THE TYPICAL PHOTOSHOOT?

Depending on your session type & the number of locations the time can be anywhere from a fast 30 minutes to a full day of adventures where I tag along and document the action!

WHEN IS MY PAYMENT DUE?

Your deposit is due before the date can be reserved. The remainder of your balance is to be paid within 2 weeks of your session. Photos cannot be edited until payment has been made in full.

WHAT FORMS OF PAYMENT DO YOU ACCEPT?

I accept payment via bank transfer, credit card. Contact me for payment details + to book your session!

WHAT HAPPENS IF IT RAINS?

No need to worry! If your shoot date gets rained out, we can either select an alternate location or reschedule on a date that fits you. Or we always can splash around in the rain!
